ilac-MRA DAkkS Deutsche Akkreditierungsstelle D-EP-20961-01-00

Raw milk

We would like to participate with following parameters (please select):

Sample set	Sample material	Number of samples	Participation fee	Possible test parameters	Quantity	Method
1-10	Raw milk (cow), frozen	10	110 € set + 24 € per parameter	Fat		
				Protein		
				Lactose monohydrate		
				Dry matter		
				Casein		
				pH		
				Freezing point		
				Urea		
1-6	Raw milk (cow), frozen	6	65 € set + 24 € per parameter	Casein		
				pH		
				Freezing point		
				Urea		
11-16	Raw milk (cow), frozen	6	55 €	PAG (pregnancy associated glycoproteins)		
17-26	Raw milk (cow), frozen	10	205 €	Somatic cell count		
27+28	Raw milk (cow), frozen	2	50 €	Free fatty acids		
27-31	Raw milk (cow), frozen	5	60 € set + 24 € per parameter	Unsaturated fatty acids		
				Mono unsaturated fatty acids		
				Poly unsaturated fatty acids		
				Saturated fatty acids		
				C14:0		
				C16:0		
				C18:0		
				C18:1		
				Free fatty acids		

Pasteurized cream

We would like to participate with following parameters (please select):

Sample set	Sample material	Number of samples	Participation fee	Possible test parameters	Quantity	Method
a-c	Cream (cow), frozen	3	45 € set + 24 € per parameter	Fat		
				Protein		
				Dry matter

Instructions:

The registration form can be filled in electronically or alternatively you can print out and scan the filled form.

In the column “Quantity”, please sign in for the parameter you would like to participate in, e.g. “1” for one set of samples, “2” for two sets of samples. The indication of the “Method” in this application is purely informative and voluntary.

For each sample set ordered, we charge a set fee plus an evaluation fee of 24 € per parameter.

If you return several analyses/methods from the same set, 24 € each will be charged for the additional evaluation. Please note that packaging, delivery costs, possible veterinary costs and customs fees will be charged separately and communicated to you along with the order confirmation. For international bank transactions (outside the European Economic Area) a bank processing fee of 35 € will be charged.

Examples:

- If you would like to participate with the parameters fat, protein and lactose monohydrate please enter in each case “**1**” under row “number of sets”. You will be invoiced 182 € (110 € set fee + 3x24 € for the parameters) and your sample set will contain samples 1-10, each with a volume of 40 mL.
- If the volume of 40 mL per sample is not sufficient for your analyses, e.g. because you would like to determine all three parameters with the reference as well as with the alternative method, enter e.g. “**2**”. In this case, you will receive two sets of samples (80mL) and you will be invoiced 364 € (2x110 € + 2x(3x 24 €)).

You also have the option of ordering sample material from the proficiency test up to 4 weeks after publication of the final report. The costs for a reordered set correspond to the set fee (set 11-16, 17-26 and 27+28 each minus the 24 € evaluation fee).

You can request for certain parameters **additional certificates** at the price of 24 € each. Please specify for this purpose in the fields below for which parameters an additional certificate is to be issued:

1. Certificate of parameters:
2. Certificate of parameters:
3. Certificate of parameters:

We herewith firmly register our company for the 25th Multi-PT in October 2027.

If you do not receive a confirmation of your registration within the next 14 days after registration deadline (2027-09-13), please contact us immediately.
