Instructions:
You are welcome to fill out this file electronically. Alternatively, you can print out the registration form, fill it out, scan it, and send it back to us.
Please enter the desired quantity of the respective parameter with which you would like to participate in the "Quantity" field.
Enter "**1**" for one sample set and "**2**" for two sample sets. The "Method" field in this registration form is for informational purposes only and is optional.
For each sample set ordered, we charge a set fee plus an evaluation fee of 24 € per parameter.
If you return multiple analyses/methods from the same set, a surcharge of 24 € per sample will be applied. Please note that packaging, delivery costs, possible veterinary costs and customs fees will be charged separately and communicated to you along with the order confirmation.
For international bank transactions (outside the European Economic Area) a bank processing fee of 35 € will be charged.

Calculation and specification examples:
• If you would like to participate with the parameters fat, protein, and lactose monohydrate for whey, please enter a "1" in the respective columns under 'Quantity' in the "Whey Sample Set 1-4" table. You will receive samples 1-4, each with a volume of 40 mL, and pay 117 € (45 € set fee + 3x 24 € for the parameters).
• If the volume of 40 mL per sample is not sufficient for your analyses, e.g. because you would like to participate in our proficiency test with several devices, enter a "2". In this case, you will receive 2 sample sets consisting of samples 1-4 and pay 234 € (2x 45 € set fee + 2x (3x 24 €)).

Please note that individual parameters may not be statistically evaluated or are provided for information purposes only, if there are too few result series.

You also have the option of ordering sample material from the proficiency test from us up to 4 weeks after publication of the final report. The cost of a reordered set corresponds to the set fee.

You can request for certain parameters **additional certificates** at the price of 24 € each.
Please specify for this purpose in the fields below for which parameters an additional certificate is to be issued:

1. Certificate of parameters:
2. Certificate of parameters:
3. Certificate of parameters:

We herewith firmly register our company for the 7th Special Multi-PT in July 2027.
If you do not receive confirmation of your registration within the next 14 days after registration deadline (2027-06-04), please contact us immediately.
